

**German Shorthaired Pointer Club of America
Board Of Directors Meeting
Committee Reports
June 16-17, 2017**

AKC Delegate's Report (Barbara Schwartz/liaison-Terry Chandler)

Report Prepared By: Barbara Schwartz

Date: May 26, 2017

1. Provide a summary of activities since last submitted report:
Attended the March Delegates Meeting. Report was sent to the board on March 17, 2017. A follow up report is below.
2. Indicate any changes made for improvement, result of changes and any requested future changes:
N/A
3. Financial Summary and planned future budget (include any explanations of a loss/decline):
N/A
4. Committee Needs (please list in order of importance):
N/A

5. Follow-up to my report from the March AKC Delegates Meeting

All Breeds Delegate Committee

- New Exhibitor Profiling revealed that over a 2-year period about half of first time participants in various AKC events were 55 years of age or older, 23% from 25-45 years old and 11% 26-35.
- The AKC Board has recommended to the Dog Show Rules committee that there be a rule change which would include Select Dog/Bitch in the calculation of Grand Championship points for that award. This will be voted on in June.
- The AKC Board has approved a new sport called AKC Scent Work which is open to all AKC registered breeds and Canine Partners. Clubs can apply for Scent Work events August 1, 2017 and they can begin October 1.
- AKC has also introduced a Trick Dog Program which will offer four levels. CGC evaluators will be able to do the testing as of May 1, 2017.

- The AKC Board voted to allow clubs licensed for obedience to hold trials limited to the Preferred classes without offering the Regular classes. This change went into effect February 1, 2017.

Companion Events Delegate Committee. Statistics comparing January 2016 to January 2017 indicated that participation in all venues (agility, obedience, rally, and tracking) was down. Agility down 6.4%, Obedience down 8.3%, Rally down 9.7%, Tracking down 19.4%

Field Trial and Hunt Test Events Committee

Doug Ljungren, AKC Vice-President & Staff Liaison, gave the following statistics:

- Pointing Breed Field Trial entries: down 1%
- Pointing Breed Hunting Test entries: up 2%
- Retriever Field Trial entries: flat
- Retriever Hunting Test entries: up 9%
- Spaniel Field Trial entries: flat
- Spaniel Hunting Test entries: up 12%
- Over the past four years, entries in field trials have been down an average of 1.5% per year; entries in hunting tests have been up an average of 2.8% per year.
- The Westminster Kennel Club will be donating a Perpetual Trophy to the AKC Pointing Breed Championship.
- Detection Dogs: a new program designed because the US Government needs working dogs and wants to have American bred dogs. Segments of the program: 1. Writing manual. 2. Health. 3. Raising puppies. The federal government supports AKC registered and trained dogs. (Note-GSP's are among the most sought after breeds for this program)

The Parent Club Delegates Committee

The AKC Marketplace (marketplace.akc.org/)

- The site for each breed shows a picture of the breed and six tabs. The AKC web site personnel have determined the parent clubs are the ultimate resource for information on each breed to the public. It is the responsibility of the parent clubs to check to see if their information is correct so the puppy buyer can decide if your breed is right for them.
- It was recommended that each club ask themselves these questions: Is your website designed primarily to satisfy what the public needs to know, such as where are the breeders the club identifies as responsible parties. Is there detailed information on health testing for the breed and why it is expected? Are there links to CHIC and other resources? Is there a list of the breed rescue organizations around the country and contact information for them? Is there a list of Regional as well as National events with contact information? Is there research information for new people to educate them on

socializing and training their dog of your breed? If this information is not available on parent club websites, where is the public supposed to go for answers?

- For those breeds where the parent clubs have issued a health statement there will be a link on this page (in the Marketplace) so the public will read what the Board of Directors of each club has approved as a health statement for the breed. The Board of Directors can update the health statement at any time simply by approving any change and sending it in.
- Parent Club Rescue Placement on the AKC Marketplace -Breeds that have rescue organizations in the AKC Rescue Network will have this tab on the Marketplace. There is a tab on the bottom that brings you to the AKC Rescue Network allowing you to see what is posted. All recognized rescue organizations will be on the rescue page.
- The AKC Marketplace is the only site to exclusively list AKC puppies. More than one million puppy seekers visit AKC Marketplace every month. This is the one-stop shop for potential owners to find breed information and AKC breeders. 85% of current Marketplace breeders surveyed plan to list their next litter on the site. 79% of consumers surveyed said they have or are considering buying a puppy from a Marketplace breeder. 57% of Marketplace breeders surveyed find homes for their entire litter in less than a month. Breeders can utilize unlimited photos and videos to educate and showcase your dogs and breeding program. Potential owners send 60,000 inquiries/month to Marketplace breeders.
- Marketplace was developed with the pet owner in mind. All of the information presented and the user experience is designed to make finding the right puppy as simple as possible. The user experience is continually updated and is competitive with other pet acquisition sites (i.e. Pet Finder).
- Marketplace for Breeders is only as strong as the character of our breeders and AKC recognizes that the best and most responsible ones come from Parent Clubs. It is important that AKC work hand-in-hand with the Parent Clubs and their breeder referral contacts to ensure that each Club's breeders are well represented. If there is additional information that the Breeder Referral would like to add to the Breed information on Marketplace that would help potential new puppy owners, please let AKC know and they will figure out how to include it on the site. AKC would like to explore additional ways to bring more breeders from the Parent Clubs on to the site.
- The MarketPlace currently has no Parent Club Breeder Referral information. The feeling is that the sheer number of inquiries would overwhelm the designated person and that having that link could potentially take the prospective buyer off the AKC website. To give an example of just how many inquiries there are in a month, between December 15

and January 31, Labrador Retrievers had 684 Marketplace litters. There were 140,000 searches. Rottweilers had 151 litters with 82,000 searches.

- There was much discussion of why Parent Club breeders do not use the Marketplace to advertise their litters. In many instances, breeders have no interest in selling puppies via the internet and many parent clubs feel that there are many puppy mill breeders listed on the Marketplace.
- Harvey Wooding, Westminster Kennel Club, feels the Marketplace is a Clearing House. It's a location where a prospective puppy buyer can go to get information about breeders, about the availability of puppies, and learn about a specific breed. It's a much better vehicle than some of our old-time breeders used to use – The New York Times. It is not necessarily a Pet Finders. It's a clearing house and is a worthwhile vehicle in that respect.

2017 Canine Health Conference The 2017 Canine Health Conference is set for Friday August 11 through Sunday, August 13th at the Hyatt Regency in St. Louis. AKC Parent Clubs are invited to attend this year's conference at a cost of \$50.00 if you sign up on the early bird special which is before June 1st. There will be a reception Friday evening and an Awards Dinner on Saturday. This is a very informative Conference with round table questions and answers. Although this is open to all, they prefer representatives from the Parent Clubs. A second person can come if there is room. This is likely to sell out. Information on the conference can be found on the AKC Canine Health Foundation web site.

Pet Disaster Trailer Update 357 clubs have participated. \$1,101,360.00 in donations. \$450,000.00 funded by AKC Re-Unite. Total funds raised of \$1,551,360.00.

Specialty Show Email Campaign -There is no formal campaign for specialty shows. For help in distributing information on an event, contact Liz Sorota, AKC's Director of Marketing, at lizsorota@AKC.org.

Veterinary Outreach

AKC has conducted events at three different veterinary schools and have six others in the process through the first week in May. These are being very positively received. The Board has approved the scholarship funds. They are working with OFA to underwrite travel expenses for veterinary students to attend the AKC Canine Health Foundation Parent Club Conference in August. There is also a budget approval to underwrite their expenses for the Conference.

Group Reassessment

The Committee will only propose increasing the number of groups. They will not place the breeds in the groups. They will make recommendations based upon input, but the final

decision is up to the AKC Board. Parent Clubs will have the first input on deciding which group they will be in if more groups are added. It was suggested that a simplified version of the proposal be available to send to the board of directors of each parent club.

The process for increasing the number of groups starts with the delegate body saying that there can be (fill in a number) groups. This allows the expansion of the number of groups. Step two is to determine which breeds go into which groups.

6. **Action Items for Board consideration:** See follow up report above then please consider action steps.

The AKC MarketPlace offers a listing for all rescue groups. Currently, only the GSPCA is listed for German Shorthaired Pointers with no contact information. The board may want to consider adding the regional rescue groups. See the German Shepherd Listings as an example. The link for the ACK Rescue Network is found at the bottom of the page for GSP's. If the rescue organization is listed on the AKC Rescue Network, the rescue organization can apply to the Humane Fund for a \$2,000.00 grant on an annual basis.

Please review the entire section on the AKC Marketplace. There may be information that should be shared with others not on the Board of Directors such as suggestions for what to include on a Parent Club Website, a review of the GSP information on the Marketplace site and general information to share with breeders.

Group reassessment – at some point in the near future, this is likely to come up for a vote. Please start discussion about the positives and negative of expanding the number of groups (potentially to 15 groups). This will affect everybody, so the vote is important.

NATIONAL EVENTS

NAGDC Executive Committee Report (Caleb Bryson/liaison-Dean Goodding)

Prepared By: Caleb F. Bryson **Date:** 5/26/2017

1. Provide a brief summary of activities since last submitted report:

Completion of running of NAGDC at Pyramid State Park, Pinckneyville, IL.

Updates being made to conduct 2018 NAGDC in Mingo Sportsman's Club, Mingo, OH. And 2019 NAGDC in Lehi, UT. Committee is discussing 2019 NAGDC and if we should hold it in Lehi, UT again due to smaller response with entries, catalog support and participation at that location.

2. Indicate any changes made for improvement and result of changes:

Recommendation to the Board for a \$1000 donation to the Friends of Pyramid State Park Non-Profit organization to foster continued improvements to the Field Trial site and future use of the area for this Championship.

Continue work with Gene Moseley to streamline merchandising for the 2017 NAGDC

Recommended future changes:

Continued evaluation of the West Championship in Lehi, UT in order to find a centrally located FT grounds along the I-70 corridor which would allow support from a large percentage of field trial enthusiasts in the west.

3. Financial Summary:

Financial breakdown provided in depth under separate copy, but the total income was \$6723.75, with \$5933.86 in expenses, Including \$1000 donation to FOP. Totaling \$789.89 in surplus.

Planned Budget for Future

Committee will request \$750 in start-up money for incidental expenses to prepare for Mingo, OH 2018. These funds will not be needed until around the first of the year.

4. Committee Needs (please list in order of importance):

None at this time. Thank you for your continued support.

5. Action Items for Board consideration: None at this time. Thank you for your support.

Merchandise NFT, NAGDC Report Prepared By: Gene Moseley Jr. Date: 05-30-17
Caleb Bryson / NAGDC Committee

1. Merchandise/event: National Field Trial / National Amateur Gun Dog Championship
2. Indicate changes made to improve the Event or Activity from the previous six months or year (if any):

NFT: New Vendor for Merchandise: Cleats Sports, Glendale Az
Curt Cress/President Amy Marie / Sales contact

All Logo design and website done by Cleats with direction of committee.
All mailings and handling done by Cleats with direction of committee.
Ran website past event with offerings past event.
All payments done by Cleats with check to us after event.

3. Financial Summary:

National Field Trial / Oct 2016

Total Merchandise Cost: \$4187.40
Total Sales toward Judges Account: \$807.40 / \$3380.00

Online Sales: \$4993.00
Sales at NFT \$1056.00
Total Sales: \$6049.00
Cost of Merchandise (\$3380.00)
Total Merchandise Profit: \$2669.00

National Amateur Gun Dog Championship/ April 2017

Judges Merchandise \$533.58

Total Online Sales \$436.00
Cost of Merchandise (\$266.50)
Set up cost (150.00)
Total Merchandise Profit: \$19.50

4. Committee Needs please list in order of importance:

Looking at what sold and what did not and will adjust for next year.
Looking for a helper on this project to take over committee when I'm gone.

5. Action Items for Board consideration:

None at this time.

NSS Executive Committee Report (Jane Handshumaker/liaison-Renee Lara)

Report Prepared By: Jane Handschumaker

Date: June 1, 2017

1. Provide a summary of activities since last submitted report:

Provided over site for the 2017 National Specialty Show, Regional Specialty, Supported and GSPCA Obedience and Rally trials.

Delegates meeting was held: Sawmill Creek Resort, Huron, Ohio was selected as the 2020 NSS show site.

Members elected to the NSS Executive Committee were: North Central - Pamela Stillman, South Central - Ann Claire Lester, and East Central – Jane Handschumaker. The Committee is very pleased to welcome Pam and Ann Claire to the Committee. We feel Pam will bring insight to the performance side of the NSS. Anne Claire will contribute additional experience and the energy of youth, she has always stepped up to help at past NSSs. The Committee elected Jane Handschumaker as Chair and Patty Crowley as co-chair. The Committee voted to dedicate the 2018 NSS to Mrs. Betty Sandberg.

The Merchandise Committee presented the results from the Request for Proposals based on the proposals submitted the Committee voted to follow the recommendation to continue with the current merchandise vendor. I would like to thank Holly for all her past dedication and help. Our new merchandise committee of Jennifer and Derrick Averitt is proving to be outstanding.

2. Indicate any changes made for improvement, result of changes and any requested future changes:

The Committee will be submitting for Board approval an application for the dedication of the NSS show. The application s will consist of 3 – 5 suggested criteria. We would like this to be an online application for those requesting the dedication. The application will also have deadlines for submission. Once the Committee has voted to accept the application it will then of course be sent to the BOD for approval. We hope to eliminate over site of any one deserving the NSS dedication and not have to make last minute decisions.

3. Financial Summary and planned future budget (include any explanations of a loss/decline):

The 2017 NSS I believe will show a profit of between \$3,500 and \$5,000. This year we did restock the trophy inventory.

The GSPCA will be hosting a regional specialty the day prior to the Royal Canin Show in December 2017.

4. Committee Needs (please list in order of importance):

The Committee has gotten numerous complaints about the last two NSS photographers. We will be actively seeking a new vendor for the show photographer.

5. Action Items for Board consideration:

*To approve the 2020 NSS judges as drawn at the 2017 Annual Awards Banquet:

Breed - Ms. Heather Brennan
Alternate - Sidney L. Marx
Alternate - Sue L. Clemons
Alternate - Brenda L. Abraham

Futurity - Maureen Farley
Alternate - Becky Feigh
Alternate - Dorothea Simberlund

Sweepstakes – Becky Feigh
Alternate - Dorothea Simberlund

*Requesting Board approval for the 2018 NSS dedication to Mrs. Betty Sandberg

NSS MERCHANDISE REPORT:

Number of Pre-Orders for PU @ the NSS: 57

Number of Pre-Orders Not Attending: 13

Pre-sales were very good, mainly coming in the last two weeks they were open. The P&L Statement is attached showing and adjusted profit of \$4630.

Derrick and Jennifer Averett along with a helper, Vanessa Carmean, ran the merchandise table this year with me giving advice and help when needed. They did a fabulous job of selling, sorting, inventorying, and folding all the merchandise as well as getting all the Shipped Merchandise packaged and mailed while at the National.

Prior to the National, we began receiving emails from other GSPCA members who were interested in bidding on the NSS Merchandise. We entertained bids from the membership which were due before the NSS. We received three bids which included a bid from our current vendor. Two were from members who owned their own companies and one from a member who was employed by a company. Other members who had showed interest in bidding did not do so as they could not meet criteria needed. Of the three bids submitted, two were submitted in the timeline requested but we decided to look at the late bid as well.

Myself, the Averitt's and Renee Lara went over the bids submitted and the samples provided. Our decision was based on the companies' ability to provide us with product, quality of products via samples provided and photo explanations, price and the manner the bids were submitted. Our decision was to recommend to the NSSEC that we continue with the current vendor, Corporate Images. After discussion at the NSSEC Meeting, it was a unanimous decision to continue with Corporate Images.

We met with Karen Verkutis from Corporate Images to ensure that there is an understanding to keep our prices under control, provide quality products and begin having the NSS logos completed a year in advance.

I have enjoyed being your Merchandise Chairperson over the past years 15 years!
It has allowed me to meet many members and exhibitors that I would have otherwise never met.

I will continue to be an aid to Derrick and Jennifer as much or as little as they need.
I wish the Club continued success in all your Merchandise endeavors!

Respectfully submitted,
Holly Faught

NSS Top 25 Report

Dear Jane and GSPCA BOD

I am pleased to say the Top 25 Gala and Art Auction event was another success. The Top 25 Committee heard many comments on how attendees truly enjoy the event. Jane is a pleasure to work with, we solved any and all issues that came up with our good working relationship. The hotel was wonderful to worked with! We have a new fun idea to include with the auction that I am sure will increase our profits.

Action Item for NSS Committee

The Top 25 Committee requests that the event be changed from Friday night to Thursday night for the following reasons

1. Friday is the longest day of judging.
2. The pressure put on the hotel staff to set up the room for a sit-down dinner for over 100 people is unfair when we could do it on a shorter judging day. This year the event was at least 30 minutes late in starting.
3. My committee has to set up the awards table with the dog's pictures, gift bags and ribbons. We also have flower arrangement for the awards table as well as each judging station. We have dinner table centerpieces to set up as well.
4. I schedule the DJ to be there until 10 and this conflicted with the event being late because of room set up. I paid the DJ extra on my own because he did stay late.

5. The Parade of Title Holders is a much more relaxed event which would be nice to have on Friday the night before breed judging.
6. It would be easier for the committee to hire the all-breed and handler judge for Thursday because it wouldn't conflict so much with travel to weekend shows which is most often on Friday.

The Top 25 Committee is advising that we will have an exhibition only offered for past winners of the Top 25. Dogs that have previously won and are eligible to compete again (Top 25 for the breed in that year) will have the option of entering for completion or exhibition only. These dogs won't be judged but will give them a chance to be showcased with a go around and center stacking and another go around. Previous Top 25 winners may also enter exhibition only to give everyone a chance to see them that might have missed out when they were in their prime. It will be fun for the Veterans to once again get out and have fun in the ring. Many of the other breed clubs do this to allow new exhibitors a chance to see the past winners in person. Since they won't be judged and the aging of the past winners the additional time will be minimal. We had an entry of 20 dogs with 17 dogs shown. The summary of the P&L are as follows

Income	\$5808
Expenses	<u>\$4212.93</u>

Profit \$1595.07 (for H&W Fund)

We made a purchase of gift bags, labels for bags and tissue paper this year that should cover the event for about 6 years. These items were on sale so we felt it was a good business decision. The items will be stored at my house.

The Top 25 dinner amount was \$ Don't have final ~ 110 people

Attached you will find the P&L spreadsheet

National Specialty Show Futurity Report (Holly Faught/liaison-Renee Lara)

GSPCA BOARD JUNE 2017 – FUTURITY REPORT

Below is the breakdown for the 2017 Futurity.

2017 Futurity:

59 Total Nominations.	\$1475
Late Fees	\$ 870
130 First Forfeits	\$2600
<u>88</u> Second Forfeits	<u>\$1760</u>
218 Total Forfeits.	

TOTAL 2017 FUTURITY \$6705

ACTUAL ENTRY:

Junior Dogs: 8
Junior Bitches: 11
Intermediate Dogs: 8
Intermediate Bitches: 15
Senior Dogs: 8
Senior Bitches: 9
Total Futurity Entry: 80

2017 FUTURITY STATISTICS:

Number of Stud Dogs siring Futurity pups: 44
One Stud Dog siring 4 litters, 2 Stud Dog siring 3 litters and 8 Stud Dogs siring 2 litters. All others sired 1 litter.
Number of States in which Nominations were made: 23 States & 1 Foreign Country
Canada and California tied for the most litters produced with 8 litters, followed by Alabama and Texas tied with 5 litters and Virginia and Pennsylvania tied with 3 litters. Seven other states produced 2 litters each.
Number of GSPCA Member Breeders & Co-Breeders breeding the 2017 Futurity hopefuls was 91.

There are only 21 litters nominated to the 2018 Futurity so far.

I have also included a graph with the past 19 years of Futurity statistics, color-coded by Region.

Respectfully submitted,
Holly Faught

NFT Executive Committee Report (Phil Mathiowetz/liaison-Gene Moseley)

Report Prepared By: Phil Mathiowetz, Peter Wilkin

Date: 31 May 2017

1. Provide a summary of activities since last submitted report:

The 2016 National Field Trial was held at the Bechtel Ranch in Eureka, KS the last half of October. In all, we believe that the championships were very successful, although there were a couple of relatively small glitches which the committee overcame. The 2017 NFT will start on Monday October 16, 2017 at the Bechtel Ranch.

2. Indicate any changes made for improvement, result of changes and any requested future changes:

The committee has identified several areas to improve the overall quality of the trial. Items such as better coordination for judges, better judge care, and a more detailed description of judge/club interaction. None of these items have any significant cost implications.

3. Financial Summary and planned future budget (include any explanations of a loss/decline):

We do not anticipate a budget fluctuation from the 2016 budget, however we have not received any financial information on 2016 profit & loss. We received a P&L from Dean recently and will use this as a basis for 2017 Trial.

4. Committee Needs (please list in order of importance):

The committee is currently looking at obtaining judging commitments for the 2017 National Championships significantly earlier this year. Acquiring judges for a championship as large as ours is becoming more difficult each year due to a dwindling qualified judges pool. Judges will be sent for approval upon receipt of commitments.

5. Action Items for Board consideration:

None at this time.

NFT Futurity Report (Terry Bomer/liaison-Gene Moseley)

Prepared By: Terry Bomer

Date: May 27, 2017

1. Summary: The Futurity field event is run each fall in conjunction with the GSPCA National Field Trials. Owners and co-owners (if applicable) must be members of the GSPCA. The National Field Trial committee manages the Futurity field event. They select judges, marshals and bird planters, set the date, entry fee, course and running time, produce and distribute premiums, receive entries and fees and draw the running order. The entry fee is established yearly and is used to pay all direct and indirect expenses of the Futurity program and event. The Futurity field event is a thirty-minute stake judged for consistency and future potential as either an All Age or Gun Dog. Dogs must find and point birds on course. A blank cartridge is fired but steadiness to wing and shot is not required. The Futurity field event is not a retrieving stake. The Futurity Prize Money is calculated as follows: Futurity purse is created from the nomination and re-nomination fees and any penalties paid plus \$10.00 from each Futurity entry. The purse is divided 40/30/20/10 to the four placements with 60% to the owner and 40% to the breeder. The Futurity Manager receives and processes all Field Futurity Litter Nominations

and re-nomination of puppies. The Futurity Manager keeps an excel spreadsheet on each year's futurity and calculates the payout for the breeder and the owner & the club Treasurer also calculates and writes the checks for the Futurity payout.

2. Changes: None at this time.

3. Financial Summary:

Futurity 52 run in October 2015: 58 litters were nominated with 356 dogs eligible for re-nomination. The litters nominated brought in \$2,510.00 in litter nomination fees. There were 103 puppies that paid re-nomination fees for a total of \$2,965.00. Only 29% of eligible puppies were re-nominated. The payout including the \$10.00 per entry was as follows: 1st Place Owner \$1,498.80, Breeder \$999.20, 2nd Place Owner \$1124.10, Breeder 749.40, 3rd Place Owner 749.40, Breeder 499.60, 4th place Owner 374.70, Breeder 249.80. The total amount of the Futurity 52 payout was \$6,245.00.

Futurity 53 run in October 2016: 58 were litters nominated with 370 dogs eligible for re-nomination. The litters nominated brought in \$2515.00 in litter nomination fees. There were 97 puppies that have been re-nominated for a total of \$1,720.00. Only 26% of eligible puppies were re-nominated.

Futurity 54 to be held in October 2017: There are currently 54 litters nominated with 378 dogs eligible for re-nomination. The litter nomination fees paid are \$2,110.00. There are currently 56 puppies that have been re-nominated for a total of \$810.00 in litter re-nomination fees.

Futurity 55 to be held in October 2018: There are currently 17 litters nominated with 119 dogs eligible for re-nomination. The litter nomination fees paid are \$580.00. There are currently 5 puppies that have been re-nominated for a total of \$75.00 in litter re-nomination fees.

Planned Budget for Future: I do not have a budget for the Futurity Manager's position. The cost of managing and running the event is under the National Field Trial Executive Committee's budget. That being said I do not need a budget as the changes to email have eliminated any costs associated with the Futurity Manager's work.

4. Committee Needs: None

5. Action Items for Board consideration: The new webpage does make it easier to find the Field Futurity Forms. However, a large amount of the past historical data for the National Field Trial has been lost or not transferred to the new website. This is very important information to breeders and the prior winners and owners should be recognized on our website.

PERFORMANCE EVENTS

Versatility Report (David Nauer/liaison-Liz Jennings)

Report Prepared By: David Nauer, GSPCA Versatility Chairman **Date:** 31 May 2017

1. Provide a summary of activities since last submitted report:
 - a. Four trophies awarded at NSS – thanks to Cindy Smullen for support
 - b. Normal program maintenance with certificate and pins awarded

- c. Reviewed several new programs AKC has added. These initially could be considered in the “other” category of the program. However, I am not recommending any for consideration in this report.
 - i. AKC Scent Work
 1. This is a new titling program run by the AKC with AKC judges and AKC regulations.
 2. This is likely to gain in popularity much like other scent work organizations, but this one is AKC owned and operated
 - ii. AKC Trick Dog
 1. This is a new title recognition program based on the organization “Do More With Your Dog”. Much like Dock Diving, the AKC will recognize titles earned from the DMWYD program.
 2. AKC also has a set of guidelines for CGC evaluators to also award title recognition
 2. Indicate any changes made for improvement, result of changes and any requested future changes:
 - a. I am bothered a little that this recognition program is not mainstreamed with the rest of the GSPCA awards program. For example:
 - i. Not a coordinated part of the NSS awards PowerPoint or program
 - ii. Separately awarded (it doesn’t have to be)
 - b. RECOMMEND the board discuss this. I’d be very happy to see this incorporated with the rest of the awards and would greatly enjoy having our President award these trophies with the rest
 - i. We’d need to come up with a good protocol to recognize the dogs’ achievements – the list of titles earned is typically too long -- I’ve used the “achievements in Field, Hunt, and Conformation” for example when describing our typical VCX, which is a DC/MH.
 - ii. We could still order the acrylic trophies separately via Cindy Smullen as we do now with the data provided by the Versatility Chairman.
 - c. RECOMMEND this be instituted at the 2018 NSS
 - d. FINALLY: Since this is an earned award, I recommend going back to the window of award being from 2Q of a year to 1Q of the next (e.g. Awards for 2018 would be from the cutoff this year to March 30, 2018. The 2019 would be from April 1, 2018 through March 31, 2019, and so on). Right now, an award winner in January 2017 has to wait until May 2018 for the trophy. That seems excessive.
 3. Financial Summary and planned future budget (include any explanations of a loss/decline):
 - a. No changes
 4. Committee Needs (please list in order of importance):
 - a. None Identified this cycle
 5. Action Items for Board consideration:
 - a. As noted:
 - i. DISCUSS combining Versatility with the other awards as part of the consolidated slide show and presentation by the President

- ii. DISCUSS changing award period back to 2Q to 1Q following year

Agility Report (Jeri Fishack/liaison-Lynn Pettinato)

No report was submitted.

Obedience/Rally Report (Eleanor Campbell-Swank/liaison-Lynn Pettinato)

OBEDIENCE

I was not at this year's NSS. I received reports that the judges were good and that many people stepped up to steward and assist. The only negative comments I heard was that, in the future, making sure that the chosen site had a separate ring for obedience and rally would be better.

I am in the process of finding out who has the obedience and rally rosettes and ribbons. They will need to be inventoried before next year's NSS.

I am unsure if there is a local club involved with next year's NSS. I plan to find out SOON. Once the dates are set, I will find out who will be hiring obedience/rally judges. If it is me, I will need to get in touch with people in the Boise, Idaho area to find out about local judges.

Belinda Venter continues to do a wonderful job keeping the obedience and rally statistics.

RALLY

Many changes are coming to AKC's rally program. These changes will begin on November 1 2017. They will potentially affect several GSPCA programs and events. A summary of these changes, as announced by the AKC, was publicized on p. 25 of the March/April Shorthair Journal at my request. Many thanks to Lynn Pettinato for forwarding the AKC announcement to Patricia Busso and to Patty for publishing it!

1) The rule updates to Rally now require that a High Combined Rally and a new Highest Triple Q award be calculated and presented. The GSPCA already offers a lovely rosette and prize for High Combined Rally and the same will have to be offered for the Triple Q award. I have mentioned this to Char Rutar (trophies) copying Lucretia Conrood (rosettes and ribbons.)

2) I have sent an email to Cynthia McCracken regarding the Rally Sire/Dam awards. The new classes do not start until November 1 of this year, but the new Rally Master (RM) title and the new Rally Champion (RACH) title should be factored into the Sire/Dam awards, starting in 2017. (I do NOT think that the new optional class, Rally Intermediate, should be. We do not currently count the mid-level or higher obedience optional titling titles.) An enthusiastic rally

team, willing to travel a bit, could possibly earn the ten legs required for an RM in the last two months of 2017.

In my email to Cynthia, I forgot to suggest that those dogs earning the AKC Rally Champion designation, be presented with a plaque just as those dogs earning an OTCH or MACH currently are. NO plaques should be awarded for RACH2,3, etc. also the same as the MACH. The RACH will be challenging: a dog must first earn an RM, then 20 Triple Q's from the Advanced, Excellent and Masters classes, as well as 300 points, of which 200 points must come from the Masters class, the rest from either Masters or Excellent. Points are only awarded for high scores.

3) I sent an email to Renee Lara about eventually including rally in the performance category of the ROM program. Renee replied and will be looking into this.

4) I also sent an email to Dave Nauer suggesting the inclusion of the new rally classes to the GSPCA Versatility program in the future.

AKC TRICKS TITLES

The AKC announced a new program to go along with their CGC, CGCA, etc programs. Now, dogs can earn various levels of trick titles. These are judged by CGC evaluators and have proven very popular in my area. Especially at the novice level, the tricks are not difficult, but lots of fun. IMO, if and when the GSPCA offers a CGC test, we should consider offering the trick tests.

I am sure I have forgotten something!

Respectfully submitted,

Eleanor S Campbell (Swank)
GSPCA Obedience/Rally Chair

Submitted by Karen Combs:

We were done at the main show ring to get the ring ready for obedience/rally at 6:30 AM. Exhibitors and their family members stepped in to steward and keep the trials going. Our judge was great to work with. He stepped up to judge both obedience and rally when the other judge had a family emergency. We had quite a few new titles in both obedience and rally.

Belinda and Wyatt were HIT, Tesla High Combined on the actual NSS day.

Supported- Belinda and Wyatt HIT and Linda Montgomery w/Pippa were High Combined.

High Combined Rally was Nancy Ward both days.

Obedience in the same ring as breed is always a challenge. Hopefully in the future we can have sites that allow for a separate obedience ring.

Karen

Field Trial Date Coordinator Report (Jan Erbe/liaison-Terry Chandler)

FIELD TRIAL DATE COORDINATOR REPORT

May 19, 2017

To summarize 2017 as of May 19 for events from 1/1/17 to 5/31/17, 66 field events were approved; 49 Horseback and 17 Walking. Of the 66 approved trials, 6 were cancelled or moved to another date leaving 60 actual completed trials. Two of the completed field trials were regional trials - North Central and South East; one of the trials was a national - National Amateur Gun Dog and nine of the trials were NGSPA dual sanctioned trials.

Respectfully submitted,

Jan Erbe

Field Trial Date Coordinator

COMMITTEES

Annual Awards Report (Cynthia McCracken/liaison-Gene Moseley)

Prepared By: Cynthia McCracken **Date:** 31 May 2017

1. Provide a Brief Summary of the Event or Activity:

Statistician for Year End Awards utilizing reports from AKC, committee members using established values and calculating the results. Compiling necessary pictures/pedigrees for slide show, yearbook, and website publication.

2. Indicate changes made from the previous six months or year (if any):

Directors were sent the complete listing of Award recipients prior to sending congratulation letters or formal publication. (If members keep their own records they may publish their “results” prior to formal publication – There is no way to prevent this)

3. Recommended Future Event or Activity Changes:

Start the search for Awards coordinator replacement (me).

It is time that others step up to calculate, prepare and coordinate the Awards calculations & compilation for the Awards banquet, yearbook and website publications.

I am requesting to continue to receive the monthly New Title reports.

I have retained the complete list as provided by AKC and am willing to continue to be the backup of original data. With continued receipt of the New Title Reports I will be able to continue assisting Elizabeth in the Member requirements for the New Title earned listing in the journal. Thank you

4. Financial Summary: Gene Moseley, as Awards Chair & Liaison, is responsible for this data.

5. Action Items for Board consideration: (see 3 above)

Awards - Job Description (sent to Missy)

Compile calculate and prepare Year End Awards utilizing reports from AKC and committee members.

Notify Year End Award winners and request pictures & where they are going to pick up the award.

Collect Pictures from award winners to be sent to Awards Slide Show designee

Committee members (listed below) calculate the points for awards utilizing established values (approved by the Board)

Committee members – provide bimonthly reports to Committee Chair to verify membership and to Elizabeth Jennings & Patty Busso for publication in the Shorthair Journal.

Year End Results are sent to Gene Moseley (plaque printing), Christin Swinford (or designee) (Awards Slide presentation), Missy Neal (website), Deb Broad (Yearbook publication) & Patty Busso (Shorthair Journal).

Committee members listed below:

Dog of the Year Awards – Point systems

Show Dog – AKC Supplied Awards (Year End pd report)

Obedience (Eleanor Campbell)

Stats – Belinda Venner (Bimonthly & Year End))

Agility (Jeri Fishack)

Stats – Jeri Fishack (Bimonthly & Year End)

Tracking – Calculated by Awards (Year End only)

Field Stats per stake – Stevi Casdorph (Bimonthly & Year End)

Dual – AKC supplied Awards (Year End)

Hunt Tests – Calculated by Awards (Year End)

Versatility – David Nauer (up to Dave)

Sire/Dam of the year (all disciplines) - Calculated by Awards (Year End)

Best Junior – Yvonne Hassler-Dedderding (bimonthly stats & Year End)

Other awards:

Hall of Fame – Dogs/People/Obedience (Submitted to HOF reviewers, voted on by BOD)

Hero for Health (voted on by Health & Welfare committee)

Volunteer of the Year (voted on by BOD)

AKC Sportsmanship award (nominations from membership, voted on by BOD)

GSPCA Sportsmanship award (nominations from current membership)

Annual Awards Liaison Report

Prepared By: Gene Moseley Jr.

Date: 05-28-17

1. Annual Awards

2. Changes in Annual Award:

Monarch Trophy/Houston Price increases from 2011

7 x 9 GSPCA Plaques 2010/\$31.50 2011/\$33.00 2013 /\$34.00

9 x 12 GSPCA Plaques 2010/\$44.50 2011/\$46.00 2013/\$47.00

SRG Gallery / Metamoro MI

Dual Champion Bronze: 2013-17 / \$175

No price increase at this time.

3. Financial Summary:

Annual Awards:

Year:	2015	2016	2017
	54/7x9	56/7x9	46/7x9

7 Dupl/Pd	5 Dupl/Pd	5 Dupl/Pd
3/9x12	3/9x12	5/9x12
No Duplicates	1 Dupl/Pd	2 Dupl/Pd
Apx \$2185	Apx \$2509	Apx \$2126

Plus extra shipping and corrections

Dual Champion Awards:

14/DC	10/DC	9/DC
4 Dupl/Pd	No Duplicates	No Duplicates
Apx \$2661	Apx \$2660	APx \$1715
	\$350 replaced	
		3 Old DC / Ordered \$900-\$525and Shipping

4. Committee Needs please list in order of importance:
All awards were personally delivered to NSS and will be on upcoming NFT.
We did mail out one group at \$179.40 shipping.
We did have Field Trial Dam of Year 11 plaque tie. Agility Dam of Year 2 plaque tie. DC Dam of Year 7 plaque tie
5. Action Items for Board consideration:
None at this time

Breed Education/Meet the Breeds Report (Patte Titus/liaison-Christy Featherston)

Report Prepared By: Patte Titus, Chairman

Date: 25 May 2017

1. Provide a summary of activities since last submitted report:

See attached documents: January 2017 Committee Report
28 February email to BOD
8 March email to BOD
AKC email correspondence

Synopsis: 7 February 2017 - AKC was contacted by an individual from the Long Island GSP Club to ascertain if the Parent Club would have an MTB booth at the Pier on Saturday 11 February 2017 in conjunction with the WKC Dog Shows. An instant message on Cathy Iacopelli's FB page inquired, "Would anyone within driving distance of Manhattan, knowledgeable of our breed...interested in helping staff a MTB in NY... please get in touch with me."

An inquiry to AKC was made requesting a copy of the paperwork traditionally filled out to host the event, there was none nor was there a copy of any correspondence or name of the individual from the Long Island GSP Club provided.

Considering the FB page inquiry and the Long Island GSP Club holding back to back Specialty Shows the same day the question arose who would be providing dogs and manning the event.

9 February 2017 - two days before the MTB event an email was sent to the LIGSP Club secretary, Jan Budnick asking who would be in charge, helping with and providing dogs for the event. It was also stated ***per AKC only Parent Club approved materials may be used as handouts/flyers...*** There was no reply.

24 February 2017 - a second email was sent to Jan Budnick with pictures of the booth asking the identity of the two individuals. Her reply, "They are members of the LIGSPC. Why do you want to know?" Further comment, "Since the GSPCA did answer our original email dated 10/4/2016 about the LIGSPC participating in Meet the Breed. *(note: there was no request in the email about the LIGSPC participating)* Last comment, "I believe the GSPCA wants nothing to do with the education of prospective owners."

Jim Deppen was later identified but the other man with the dog remains unknown. There is no way to ascertain if either are members of the LIGSP Club, or if they simply responded to Cathy Iacopelli's FB page inquiry.

8 March 2017 - Copies of the handouts/flyers were received and identified.

Approved Parent Club material: AKC GSP Breed flyer included with each GSP registration. Recipes for game birds and the laminated material on the table were provided to Cathy Iacopelli in 2009 for the Javits Center, NY MTB event

Not approved AKC or Parent Club material: Copy of GSP information from the Puppyfinder.com website that contains incorrect or misleading information in several sections. The most glaring found in the Coat section, "It is liver (dark brown) with possible white, brown or yellow markings." How this flyer came to have the Parent Club logo on it is unknown. Also available was the membership application for the LIGSPC. This would not be considered a Breed information handout.

2. Indicate any requested future changes: It is important that AKC understand it is not always in the best interest of a Breed for a Local Member Club at the last minute to offer to have a booth when the Parent Club has declined. The Parent Club wants to present accurate information about the breed. There were only two handouts for individuals to take with them and neither Parent Club approved.

3. Action Items for Board consideration: Contact AKC as to why Parent Club input is important to prevent another circumstance such as the above where information about the Breed is incorrect and materials are not Parent Club approved.

4. Approve request for permanent backdrop materials for MTB booths: 4 canvas panels with candid photos depicting the breed doing jobs for which they were bred or adapted to do. They would require minimal set up, shipping & storing and depending upon booth size used singularly or combination. **Estimate price for 4 panels \$1500 not including tax.**

Attachment #1

Report Prepared By: Patte Titus, Chairman

Date: 29 Dec 2016

1. Provide a summary of activities since last submitted report:

Respond and provide information about the breed to individuals that contact through the GSPCA website for information. Continue to direct individuals to appropriate sections with information found on the GSPCA website and to appropriate individuals in their section of the U.S.

In June 2011 (BOD Meeting) it was suggested MTB be assigned to the BE Committee. Jan 2012 the BE Committee was tasked to organize and coordinate the AKC MTB booth in Orlando, FL and coordinate MTB at the Javits Center, NY in October. Two years ago MTB was moved from Javits in October to Westminster weekend in February on the Pier. Upon my experience and knowledge of the NY set up and the Local GSP Clubs holding their Specialty shows on the same day in outlying towns it was my recommendation to not hold a MTB event in NY in 2016 & 2017. No doubt there will be questions as to why there is no booth this year considering the GSP won BIS last year...that said I did have an opportunity to talk with Jeff Drogan of the Eastern GSP Club who has helped in Orlando the past couple of years about the potential to have a MTB booth in NY.

2. Indicate any changes made for improvement, result of changes and any requested future changes:

None at this time.

3. Financial Summary and planned future budget (include any explanations of a loss/decline):

N/A - Breed Education

4. Committee Needs (please list in order of importance):

None at this time.

5. Action Items for Board consideration:

None at this time.

Attachment #2

Cyndi,

email copy dated 28 February 2017

Please send to remaining Board members, I've copied Christy, my liaison and Liz because of her

initial inquiry of 7 February.

To All,

It is my opinion the Officers and BOD should be aware of the circumstances about the GSP Meet the Breed booth at the Westminster KC shows on Saturday 11 February 2017.

Sequence of events...

4 October 2016 - Jan Budnick, LIGSPC secretary sent an email stating that some AKC officers had inquired of her if there would be a GSP MTB booth at the 2017 Westminster KC shows. At that time, no information had been received from the AKC MTB Coordinator so the question was asked, "who the AKC officials were?" Jan said she didn't know. My reply stated I would contact AKC and check, that response, the paperwork had not been sent yet.

7 February 2017 - Liz sent an email with the following 'Instant Message' that was posted to one of Cathy Iacopelli's FB pages. ***"Would anyone within driving distance of Manhattan, knowledgeable on our breed, with dogs with stable temperaments, safe with strangers in crowded conditions be interested in helping to staff a Meet The Breeds booth in NYC this coming Saturday please get in touch with me?"***

No doubt Liz remembered at the January 2017 meeting the recommendation not have a MTB event in 2017 in NY until cost and logistics could be worked out.

7 February 2017 - an email was sent to Jan Budnick, LIGSPC secretary requesting information. There was no response...

24 February 2017 - a second email was sent to Jan asking the identity of the two individuals shown in pictures of the GSP MTB booth on 11 February at Pier 92 during Westminster KC events prior to their show

Jan responded that same day, "Why do you want to know?" then stated, "Since the GSPCA did answer our original email dated 10/4/2016 about the LIGSPC participating in Meet the Breeds, I believe the GSPCA wants nothing to do with the education of prospective owners."
(For the Record: Jan made no request for the LIGSPC to host the 2017 MTB in her email of 4 Oct 2016.)

25 February 2017 - Jan sent another email stating they were members of the LIGSPC and why did I want to know. To which I did not respond. No further emails have been sent to Jan or any other individual of the LIGSPC requesting information.

27 February 2017 - an email was sent to AKC requesting a copy of their MTB request form for my records and committee report for the June meeting. Gina responded in lieu of the AKC form the information from the LIGSPC was received by email. A copy of that email was requested

and to date has not been received

28 February 2017 - At this point, it is unknown if the approved GSPCA or AKC protocols for MTB events have been followed or if the individuals in the pictures are members in good standing with AKC, GSPCA or are members of the LIGSPC based on the "instant message" noted above.

(For the Record: LIGSPC was holding back to back Specialty Shows the same day as the MTB event was taking place on the Piers in Holbrook, NY located on Long Island approximately 60 miles away.)

It remains unknown who initially contacted AKC and who in LIGSPC requested to host the GSP booth. From the pictures, it appears some of the items used on the table are from the 2009 MTB event held at Javits Centre when Cathy Iacopelli and the LIGSPC were involved. It was noticed the pre-printed AKC sign was not hung but sitting on top of a crate. Unable to determine what was written on the two banners hung on either side of back drop. The identity of the gentleman with the dog and the individual behind the booth remains unknown and how many dogs were at the booth.

I am expecting copies of any handouts via snail mail and will make those available as soon as they arrive.

Should you have request for documents other than those attached please let me know.

Respectfully, Patte - GSPCA, Inc. MTB Coordinator

Attachment #3

Attachment to 28 February email to BOD

Unidentified man & dog, handout material in clear, plastic holder behind right elbow, not Parent Club or AKC approved.

Individual identified as Jim Deppen. Display belongs to Cathy Iacopelli, old show photos from eBay used in 2009 at the Javits Center MTB event

Laminated items - no copies to be handed out, Parent Club approved & provided to Cathy Iacopelli in 2009 for the Javits Center MTB event.

Attachment #4

LIGSP Club handouts

Not Parent Club approved

Copy from Puppyfinder.com / unknown how PC logo came to be on it.

THE GERMAN SHORTHAIRED POINTER

Country of Origin: The German Shorthaired Pointer (also known as the 'GSP', 'Deutsch Kurzhaar', or 'DK') is a German breed resulting from careful crosses in the 17th century of the Spanish Pointer, Foxhound, Italian Pointer, and Hannover Hound. Generally bred for function over form, the German Shorthaired Pointer was later crossed with the Pointer to introduce style, speed, and 'nose up' scenting capabilities. The end result was an adaptable hunting dog with trailing, pointing, and retrieving capabilities which could kill wounded game when necessary. Two early 19th century German Shorthaired Pointers named Nero and Treff, successful racers who bred many descendants, are sometimes credited as the parents of the modern breed. The German Shorthaired Pointer was first imported to America in the 1920's and recognized by the American Kennel Club in 1930. Today, German Shorthaired Pointers are a popular hunting breed and moderately popular show dogs and pets. German Shorthaired Pointers are featured prominently in the books 'Colter: The True Story of the Best Dog I Ever Had' by Rick Bass, 'Run, Rainey, Run' by Mel Wallis, and Robert B. Parker's 'Spenser' detective novels.

Size: The German Shorthaired Pointer has a shoulder height of 53-64 cm (21-25 in) and weighs 20-32 kg (45-70 lbs). It has a large brown nose, moderate stop (depression where the muzzle meets the forehead), and rounded, highly set ears. German Shorthaired Pointers have webbed feet and a tail docked to less than half its natural length.

Coat: The German Shorthaired Pointer has a flat coat with a stiff, water-resistant undercoat. It is liver (dark brown) with possible white, brown, or yellow markings. Some standards allow black or black and white. Most German Shorthaired Pointers have a solid-colored head and white body 'ticked' with liver or vice versa.

Character: The German Shorthaired Pointer is intelligent, eager to learn, loyal and brave. It will become hyperactive if not properly exercised.

Temperament: The German Shorthaired Pointer gets along well with children, but caution should be exercised with young children as the German Shorthaired Pointer is quite boisterous. German Shorthaired Pointers get along with other dogs but may have a high prey instinct with cats or other pets, which can be overcome by training and socializing the dog when young. The German Shorthaired Pointer makes a good watchdog.

Care: The German Shorthaired Pointer requires only occasional brushing and cleaning of the ears to prevent infection. Bathe only when necessary. German Shorthaired Pointers have a lifespan of 12 years or longer, some live as long as 18 years. Health risks include lymph edema and obesity (if properly fed and exercised, the stomach should 'tuck up' slightly behind the chest). The German Shorthaired Pointer requires a lot of water to prevent dehydration, especially when exercised. German Shorthaired Pointers can live outdoors with a soft bed and warm snifter but prefer indoor life with the family with access to a large yard. German Shorthaired Pointers are frequently killed in road accidents because they can leap over large fences; proper precautions should be taken.

Training: The German Shorthaired Pointer is intelligent and has a well-deserved reputation of being highly trainable. German Shorthaired Pointers adapt easily to a wide variety of hunting and field jobs including pointing and retrieving on land and water.

Activity: The German Shorthaired Pointer needs a substantial amount of exercise as it was bred to hunt. It enjoys long walks, swimming, and retrieving. The German Shorthaired Pointer is most suited to outdoor activities, and fits best with a sporty family.

LONG ISLAND

GERMAN SHORTHAIRED POINTER CLUB
THE ISLAND • ROCK • GREENWICH

The object and purpose of this club shall be the development and maintenance of the high qualities of the German Shorthaired Pointer, by creation of interest in the breed through sponsoring and promotion of Bench Shows, Hunting Tests, Field and Obedience Trials.

Congratulations on your new

German Shorthaired Pointer!

The German Shorthaired Pointer

(Copyright from The AKC Companion Dog Book)

The German Shorthaired Pointer combines in fielding requirements those qualities which have long preponderated the various breeds of hunting dogs. So successfully have long hunting power, linked with high intelligence, been fused into the breed through judicious crossing of the old Spanish Pointer, English Foxhound, German tracking hound, and English Pointer, so varied the dog's field accomplishments, that its adaptability has earned it the reputation of being an all purpose dog.

It is indeed one of the most rugged up in our package a staunchly pointing bird dog, a sure-footed night runner, a proven duck dog, a natural retriever on land and water, playing confirmation and markings, great power of endurance and an intelligent family watchdog and companion. Initiative of this dog's versatility is its successful work as pheasant, quail, grouse, partridge, woodcock, duck, rabbit, snipe and grouse. It is also used to trail and handle deer. With a water repellent coat and webbed feet, it retrieves well from rough terrain and icy waters.

This magnificent utility dog combines these virtues with good looks, sound temperament and integrity, making the German Shorthaired Pointer a favorite with pleasure enthusiasts.

Breed Characteristics

The German Shorthaired Pointer is especially admired for its temperament and trainability. This breed makes an outstanding family companion, relishing to play with children, your friends who come to visit, and other dogs. The typical Shorthair is outgoing but not aggressive, although he certainly will be the world boss when a stranger breeds on your door. He is anxious to please and responds well to consistent training both in the home and in the field when he shows an aptitude for game birds, rabbit pointer, and retriever.

Keep in mind that the German Shorthaired Pointer is an athlete. Although he adapts readily to almost any living situation, he needs consistent exercise to keep in condition and to burn off excess energy. The natural exuberance of a young Shorthair can make him difficult to live with if he is kept confined and not exercised. Shorthairs bond readily to the family and can show separation anxiety if left alone for long periods. It is strongly recommended that owners exercise their dogs so that they may be left alone. Otherwise, an owner runs the risk of finding significant destruction upon returning home.

German Shorthaired Pointers, in addition to their use as hunting companions, have acquired themselves admirably in the show ring, in field and obedience trials, in search and rescue work, in drug and bomb detection, in rally competition, and as therapy dogs.

Care and Feeding

Regular veterinary care and proper feeding are vital to your dog's health. Yearly DHPP vaccination, rabies shots, a monthly heart worm preventative regimen, and in many parts of the country a Lyme Disease

vaccination, should not be neglected. Proper nutrition is easily maintained by feeding a high quality dry dog food available to most food stores and grocery stores. Puppies should stay on a growth formulation for the first year. After that, your dog's food may be changed to an adult maintenance diet. If he is in a stress situation (showing, field trialing, or rigorous training) he should be on a performance diet with higher protein and fat content.

Fresh water should be available at all times. The availability of today's well-balanced dog food precludes the addition of table scraps, cottage cheese, oil, vitamins and mineral supplements.

Above all, DO NOT OVERTFEED. Remember that your athletic breed should be kept muscular and lean. Fat dogs live longer than well conditioned dogs. With proper care, the average Shorthair will have a life expectancy of 12 to 16 years.

Training

Basic obedience training is an essential part of responsible dog ownership. It quickly establishes a bond between you and your Shorthair and makes him a joy to be with. In urban areas, there are obedience clubs which offer training classes, starting with very young dogs and working up to advanced classes for the serious obedience competitor. If classes are unavailable in your locality, there are many books and video tapes on the subject available at your local library. Consistency and repetition are the keys to success in this training.

If you plan to hunt your Shorthair, basic obedience training forms the base from which you will work to bring your dog to higher performance levels.

Responsible Dog Ownership

A key part of your responsibility as the owner of a German Shorthaired Pointer is to make sure that your dog is not only trained, but supervised. If left unsupervised, your Shorthair should be in a fenced yard or kennel run, not roaming the neighborhood. Loose dogs run the risk of being hit by vehicles, causing accidents, annoying your neighbors, or even being stolen.

Your dog should always be on lead when walking with you unless you are hunting or training. In urban and suburban areas, the responsible owner never fails to walk with a leash after his dog.

Breeding

Before you contemplate using your dog at stud, or breeding your bitch, remember that not all dogs should be bred, especially those with genetic problems or disqualifying faults. You should at least verify your dog has all hip dysplasia by x-raying the hips at two years of age and receiving OFA (Orthopedic Foundation for Animals) certification. Unless you plan to show or breed your dog, the best thing you can do for a health standpoint is to spay her or neuter him. Neutering dramatically reduces the chance of prostate cancer and eliminates testicular cancer in

males. Uterine cancer in spayed females will be eliminated, and the incidence of deadly breast cancer in females is markedly reduced if spayed before her first estrus.

You may still participate in AKC field trials, hunting tests and obedience and tracking tests with an altered dog. Breeding is a serious responsibility and should be undertaken by those with long-standing experience in the breed and by members. A dog's breed should come only after considerable thought about whether the breeding is going to contribute to maintaining, or improving the German Shorthaired Pointer breed.

German Shorthaired Pointer Club of America

The German Shorthaired Pointer Club of America, with over 2,000 members, is the official representative of the German Shorthaired Pointer to the American Kennel Club. The organization is dedicated to the welfare of the breed and sponsors numerous national events designed to help bring the breed's natural qualities to perfection. Events include National Field Championships, a National Specialty Show, a National Obedience Trial and a National Hunting Test, as well as both National Field and Show Festivals.

In addition, the GSPCA publishes breed information, The Shorthair Journal, which is included in the annual membership fee. The GSPCA also sponsors educational seminars, judging seminars, genetic surveys

and supports an active breed rescue group. The diverse GSPCA membership includes those involved in field trials, confirmation shows, obedience and tracking tests, breeding, hunting, therapy dogs, and those people who simply love their dogs and keep them solely as lifetime family companions.

Recipes to Enjoy From the German Shorthaired Pointer Club of America

Roasted Pheasant with Apricot Cream Sauce

- 2 each quartered carrots, shallots, celery
- 2 pheasants, 2 pounds each
- 2 tablespoons melted butter
- 1 teaspoon salt 1/4 teaspoon pepper
- 4 slices bacon, halved

DIRECTION

Place carrots, shallots, and celery in cavity of each pheasant. Brush butter over surface, sprinkle with salt and pepper. Place bacon across breasts and roast, covered at 325° for 2 hours or until tender. Remove bacon and return, uncovered to oven for 15 minutes. Discard vegetables, make apricot cream sauce.

Apricot Cream Sauce

- 1 tablespoon each butter, flour, lemon juice
 - 1 1/4 cup whipping cream
 - 3/4 cup apricot jam
- Melt butter, blend in flour, add lemon juice. Gradually add cream, stir and cook until smooth and thick. Blend in jam and heat until jam melts. Serve with rice pilaf.

Sautéed Quail with Chardonnay Sauce

- 4 quail, about 5 ounces each
- 2 cups sliced red tart apples
- 1 teaspoon sage, 1/2 teaspoon thyme
- 3 tablespoons olive oil
- 2 large cloves garlic
- 1 cup chardonnay

DIRECTION

Rinse quail in cold water, pat dry. Tie legs with butchers twine. Sprinkle with salt, pepper sage, thyme. Heat oil in medium skillet high heat, add quail and brown, about 3 minutes per side. Add the garlic and chardonnay, stir to deglaze pan. Reduce heat to medium. Cover and cook until tender and juices run clear, about 12 minutes. Serve 2 quail per person, each drizzled with some of the pan juices. Serve with wild rice and baby spring vegetables.

GAME BIRD TORTILLA SOUP

- 3 (14 oz.) cans chicken broth
- 1 cup each diced onions, celery
- 2 cloves minced garlic
- 1 (14 oz.) can drained whole kernel corn
- 1 cup medium spicy tomato salsa
- 1/4 cup fresh chopped cilantro
- 1-2 lbs. Pheasant, chucker, or grouse
- 1 teaspoon each salt, pepper
- 2 cups sliced carrots
- 1 (8 oz.) can tomato sauce
- 1 (3 oz.) can chopped Ortega chilies
- 1 (15 oz.) can diced tomatoes

Remove skin and fat from bird. Heat olive oil and sauté celery, onion, game bird and garlic in a 5 quart Dutch oven until celery and onion are tender. Add chicken broth, salt and pepper cover and simmer 45 minutes or until meat is tender. Remove meat with a slotted spoon, let cool. Add carrots, corn, diced tomatoes, tomato sauce, salsa, undrained chilies and cilantro. Cover and cook 20 minutes. Debone meat and add to soup. Serve over broken tortilla chips in large soup bowl. Garnish with diced avocado, sour cream, green onions, shredded cheddar cheese, chopped fresh cilantro.

Attachment #5

Email sequence with AKC

Gina M. DiNardo, Vice President - American Kennel Club, Inc. - 260 Madison Avenue, New York, NY 10016

17 February 2017

Hi Gina,

Pursuant to our conversation about the Long Island GSP Club doing a MTB booth for the GSP I was asked about an inquiry by Cathy Iacopelli, VP of the LIGSP Club for individuals to help with the Westminster MTB booth. Considering Ms Iacopelli is currently not in good standing the GSPCA, Inc. I sent the following email to the LIGSP Club's secretary fully expecting a reply to which none was received.

It is my understanding from the phone calls received while in TN one of the individuals in the booth was making disparaging remarks about the Parent Club and may have been the only person. *(note: unsigned by me as we had just concluded a phone call. also included the copy of my email to LIGSP Club Secretary, Jan Budnick)*

Hi Jan,

It is my understanding from a phone conversation with Gina DiNardo(AKC) on Tuesday the Long Island GSP Club is planning a GSP Meet the Breed booth on Saturday 11 February 2017 at the Pier.

Would you be so kind to let me know who will be in charge of the booth, helping with the booth and providing dogs since the LIGSP Club is holding back to back Specialities in Holbrook, NY that same day.

Also per Gina, only Parent Club approved materials maybe used as handouts/flyers and if requested AKC will provide copies of the breed flyer that is included in new owner registration packets.

I am leaving tomorrow for Grand Junction TN for the Bird Dog Hall of Fame inductions and will return on Tuesday 14 February 2015.

Kind regards,

Patte

GSPCA, Inc.

Breed Education Chair/MTB coordinator

Rules for Participation

GSPCA, Inc. Local Member Clubs(LMC) in good standing should be accorded the first opportunity to provide help and volunteers for the MTB booth.

If no LMC or its members can provide help then the local GSPCA, Inc. membership in good standing should be considered.

All involved are there to promote the Breed and represent the GSPCA, Inc.

Two weeks prior to the event, "all" handout material must be approved by the Breed Education Chair or GSPCA, Inc. BOD. No exceptions.

All individuals involved with the MTB are expected to act in a friendly and courteous manner at all times.

No other business may be promoted and/or conducted during the MTB event by individual(s) or GSP breeders toward specific kennels or dogs. This is all inclusive of any activity that is not related to talking about the breed in general and providing the approved materials/handouts.

27 February 2017

Gina M. DiNardo, Vice President - American Kennel Club, Inc. - 260 Madison Avenue, New York, NY 10016

Hi Gina,

Would you please provide a copy of the AKC Meet the Breeds Response form filled out by the Long Island GSP Club representative that contacted you to do the GSP Meet the Breed Booth. **It is needed for the record file and included with my MTB committee report for the Parent Club BOD June Meeting.**

Pictures of the booth and copies of handout materials have been received but lack the signed form. Your help with this matter will be greatly appreciated.

Kind regards, Patte Titus, MTB Coordinator German Shorthaired Pointer Club of America

Reply same day: "I do not have a response form. The LIGSPC volunteered to find club members to staff the booth and we accepted that information via email." *(note: Michael Canalizo at AKC*

was cc'd, a first-time occurrence in our correspondence - unknown why.)

Same day request: "Hi Gina, would you please provide me with a copy of the email for my records." **No Response forthcoming to date.**

Meet The Breed Protocols

Report Prepared By: Patte Titus

Date: 24 May 2017

1. Provide a summary of activities since last submitted report:

***See Breed Education/Meet the Breed report.

2. Action Items for Board consideration: Update the GSPCA, Inc. BOD 2012 approved MTB Protocols to reflect changes noted in **red** and post on the website.

History - The GSPCA, Inc. Breed Education Committee upon request has supported and/or provided materials for GSP Meet the Breeds (MTB) on both local and national levels since 2009.

The first request came from the Eastern GSP Club for an event at the Garden Specialty Association event prior to the Westminster KC shows. As a result a packet of materials was developed for use at future MTB events if the GSPCA, Inc. Breed Education Committee was contacted.

GSPCA, Inc. BOD Action - June 2011 BOD Meeting - it was suggested MTB be permanently assigned to the Breed Education Committee.

January 2012 BOD Meeting - the GSPCA, Inc. to undertake responsibility for the AKC national MTB being held in-conjunction with the **Westminster KC Dog Show** and the **AKC National Championship Dog Show** - Any future event of same nature. Breed Education Chairman directed to develop policy manual and protocols.

Statement of Purpose: AKC Meet the Breeds provides Parent Clubs a setting to showcase their Breed where the general public can learn about and interact with the dogs in a casual setting. Also this is an opportunity to educate about the Parent Club and the Local Member Clubs.

Meet the Breed Coordinator - Breed Education Committee Chair or an individual designated by the Breed Committee Chair to organize AKC's Meet the Breed events during **Westminster KC Dog Shows** or the **AKC National Championship Dog Show**.

Responsibilities - To coordinate all the aspects of the MTB event not limited to set up and take down, volunteer schedules, candid photos, receipts for allowable expenses, after action report, adherence to the use of Parent Club approved materials/handouts to include breeder referral and guidelines for dogs being used.

Rules for Participation - **Local Member Clubs (LMC) or GSPCA members in good standing may be contacted by the Breed Education Chair to organize, help and/or volunteer to man the MTB booth.**

All involved are there to promote the Breed and represent the GSPCA, Inc.

Two weeks prior to the event, "all" handout material must be approved by the Breed Education Chair or GSPCA, Inc. BOD. No exceptions.

All individuals involved with the MTB are expected to act in a friendly and courteous manner at all times.

No other business may be promoted and/or conducted during the MTB event by individual(s) or GSP breeders toward specific kennels or dogs. This is all inclusive of any activity that is not related to talking about the breed in general and providing the approved materials/handouts.

Westminster KC Dog Show - (one day event held on the Pier) efforts should be made to assure the booth is attended during the designated timeframe. Absolutely no dogs are to be left unattended even if crated.

AKC National Championship Dog Show - (two-day event 10 -4) efforts should be made to assure the booth is attended during the designated timeframe. Absolutely no dogs are to be left unattended even if crated.

Individuals working in or associated with the MTB Booth are subject to the AKC Code of Sportsmanship and disciplinary action of the GSPCA, Inc

Dogs - Owners are responsible for their dogs at all times.

Dogs are not to be left unattended

Dogs/bitches must be four (4) months of age at the time of the MTB event.

Regardless of age all must be well mannered and clean to include teeth.

Up to date on all required vaccinations.

No bitch in season or in whelp, no exception.

Breeder Referral - The potential exists for an individual to ask where to find a local breeder or a puppy.

Individuals associated with the MTB event are not there to sell, negotiate or be instrumental for the sale of a dog/puppy.

The GSPCA Breeder Referral List will be provided.

Local Member Club Breeder list or individual GSP breeders in the local area may be provided if they are GSPCA members in good standing, sign the GSPCA Guidelines for Responsible Breeders and submit a completed GSPCA Breeder Referral Information form two weeks prior to the event - no exceptions

Expenses - The GSPCA has an approved budget for both events. No receipts, no reimbursement, no exceptions. AKC provides a limited number of day passes for booth workers along with box lunches (4) and/or equivalent stipend if box lunches are not provided.

Indemnity - The AKC, GSPCA, Inc. and Local Member Clubs if participating are not responsible for items of value to include dogs left unattended in the MTB Booths. Rules for participation, "Absolutely no dogs are to be left unattended even if crated."

Breeder Referral Report (Terina Chernich /liaison-Diane Prohaska)

Report Prepared By: Terina Chernich

Date: 6/2/2017

1. Provide a summary of activities since last submitted report:

Since I have taken over from Diane, I have received 1 person inquiring to be listed, 1 updated information and 1 renewal

2. Indicate any changes made for improvement, result of changes and any requested future changes:
3. Financial Summary and planned future budget (include any explanations of a loss/decline):
4. Committee Needs (please list in order of importance):
5. Action Items for Board consideration:
.

Communication Report (Liz Jennings)

Minutes submitted from the Communication Committee conference call on February 20, 2017:

1. *come up with a process for submitting listings to Journal and Website. (MISSY NEAL: I THINK IT WILL BE BEST FOR PATTY IF THE REFERRAL CHAIR IS RESPONSIBLE FOR SENDING LISTINGS BY THE DEADLINE, IN A FORMAT THAT PATTY CAN COPY/PASTE INTO THE LAYOUT. SO, THE LISTINGS WOULD POTENTIALLY UPDATE EACH ISSUE, LIKE THE STATS. REFERRAL CHAIR SHOULD BE THE ONE ACCOUNTABLE FOR CONTENT IN JOURNAL AND WEBSITE)* **THIS HAS BEEN ADDRESSED BY SJ, WEBSITE AND BREEDER REFERRAL LIAISON.**
2. information in Journal and on Website - come up with system to make sure content matches (eg, the Judge Nomination ballot: I'm going to require the NSSEC to sign off on a final proof, and they will get no changes to the online ballot after they approve the content for Journal and Web) **ACTION ITEM: PATTY WILL COMMUNICATE TO MISSY OF JOURNAL CHANGES THAT IMPACT THE WEBSITE.**
3. Yearbook sales: Deb asked me to "add to the list" of NSS merchandise, but I think that limits the audience (the yearbook reach is broader than the folks who will open the email and shop for NSS stuff) we can come up with a better way to push the Yearbooks. We need to come up with a marketing plan to post on FB, email blasts and ad in the Journal. **ACTION ITEM: PATTY AND MISSY WILL DEVELOP A PLAN TO HELP INCREASE YEARBOOK SALES VIA THE WEBSITE AND OUR FB PAGE. ANY PLAN IS SUBJECT TO APPROVAL BY DEB BROAD AND GENE MOSELEY**
4. Events Calendar > now that it's real-time on website, we should not try to list in Journal, just drive traffic to site **THE EVENTS CALENDAR WILL BE REMOVED FROM THE SJ STARTING WITH THE MAR/APR ISSUE. PATTY BUSO WILL DO A SCREEN SHOT OF THE CALENDAR AND PROVIDE THE URL.**

5. Listings, Stats, etc. > each committee chair needs to be accountable for their content on Journal and Website (e.g., Breeder Referral)???
6. Journal deadlines and publish dates: do we need to update the Journal section of the site **ACTION ITEM: PATTY B. TO SEND MISSY NEAL THE REVISED PUBLICATION SCHEDULE**
7. Breeders Referral in the Mar/Apr Shorthair Journal. **DIANE P HAS WORKED TO UPDATE AND ALIGN THE BR LISTINGS 'WITH REALITY' AS MINIMAL TRACKING AND UPDATING HAD BEEN DONE OVER THE PRIOR 3 YEARS. UPDATES SENT TO SJ VIA EXCEL AND REVISED SPREADSHEET. A DISCUSSION ENSUED ON WHAT THE COST SHOULD BE OF A BR LISTING IN BOTH THE SJ AND WEBSITE. \$60.00 A YEAR WAS THE RECOMMENDATION AND A LISTING WOULD APPEAR IN BOTH THE SJ AND WEBSITE.**
8. DISCUSSION ITEM - developing a plan to use social media to further market the GSPCA with a goal towards increasing membership
 - a. Facebook, Twitter, Instagram, YouTube
 - b. Locating a GSPCA member with the expertise to do this; has the time; has the technical expertise etc.
 - c. Is this feasible? Etc...**DUE TO THE LENGTH OF THE MEETING 80 MINUTES LONG, THIS ITEM IS DEFERRED TO THE APRIL 2017 TELECONFERENCE.**
9. Did we ever develop a FB marketing plan focused on increasing membership? **THERE IS A PAYPAL ISSUE IN TRYING TO GET THIS ACCOMPLISHED. MISSY NEAL HAS TAKEN THE PAYPAL ISSUE RESOLUTION AS AN ACTION ITEM.**
10. Club events and advertisements discussion
 - a. **IN ORDER TO ENCOURAGE MORE CLUBS TO SUBMIT THEIR EVENT RESULTS TO THE SJ, PATTY B HAS AN ACTION ITEM TO GENERATE A TWICE A MONTH EMAIL BLAST TO CLUB MEMBERS TO REMIND THEM**

ADDITIONAL ITEMS:

- Patty B. noted that of the 5,468 GSPCA FB fans, that 80% of them follow what we post. That is 4,374 potential new members.
- **Gene Moseley will send Patty B a copy of one of the yearbooks to aid in understanding of just what the yearbook is, why it is beneficial to members, why 'you' should advertise in it etc.**
- **Liz will develop an article on the yearbook for the SJ. (we did not discuss this mainly because I couldn't find a spot to jump into the conversation. But I thought it and now it is so.)**
- **Liz to send Patty B. the raw data from the 2016 membership list, so the CC can benchmark where new members are coming from.**

- Patty B. discussed the need for an article on the CHIC clearances for an upcoming issue.
Action Item: Patty B. will contact Sandra Kretz & H&W committee.
- Gene suggested that officers and BOD and committee listings do not need to be in each SJ; and/or they should/could appear in smaller print.
- Gene asked what the SJ costs on a per page basis. Patty B. will contact Teresa Masching from JPA to do a cost analysis and average for 2016

Database Report (Deborah Longtin/liaison-Renee Lara)

Hi All,

I have spent a good deal of time with a retired database programmer who has helped me figure out some problems with the dB. #1, anyone using Access 2013 or Access 2016 (the version available with your Microsoft 360 subscription) will not be able to use my database. Those newer versions dropped pivot table from

abilities. <http://www.utteraccess.com/forum/lofiversion/index.php/t1995079.html>

I use pivot tables for most calculations etc. The programmer (Bruce) feels strongly Access 2007 and the mostly identical Access 2010 are the best versions of the software. I am building using Access 2010. That is why it will not run on your Access 2016 software.

I have the ROM calculations designed so that it will automatically calculate for you based on the final criteria posted on the website. I also built in a 3-generation pedigree report. I need to enter records for the NSC, NFC, OTCH (some are in AKC reports and most are not). The yearbook lists those dogs. I will need to look up their AKC IDS as the database uses AKC ID as a unique identifier (name field changes with every new title). We also fixed the search fields form.

So that is what is going on in database. For the future in ROM If you want to change points of titles or add new title point values you will just need to change it on the one title table and the calculations automatically use the new value. I have every eligible agility titled Get at a 2-point cap and always getting 2 pts -1pt agility, 1pt jumpers. Obedience Get are also capped at a max of 2 pts per Get for those eligible obedience titles.

The new reports Gene, Deb King and I talked about will be designed after the ROM and pedigree portion is completed. If you have access 2007 or 2010, I can share it at a closed year and you can use it without doing data entry. Just delete it when I send the next closed year copy. I only import data once a year as file the monthly xl spreadsheets on my desktop until January or February to close out the previous year.

Regards

D

Database Support Report (Debbie King)

Report Prepared By: Debbie King

Date: June 2, 2017

1. Provide a summary of activities since last submitted report:
Sharon Fitzpatrick has asked that Debbie King to Chair the Database committee as of June 2, 2017. Sharon said she would make herself available as needed.
2. Indicate any changes made for improvement, result of changes and any requested future changes: Need to get the entire team assembled to start having database conference calls monthly until the team is firmly established. Needing to know exactly what is needed from the database and when.
3. Financial Summary and planned future budget (include any explanations of a loss/decline):
N/A
4. Committee Needs (please list in order of importance):
Conference calls
5. Action Items for Board consideration:
None at this time.

Hall Of Fame Nominations (liaison-Debbie King)

--Field Dogs (Mike Aldrich)

Two nominations were received:

NFC(AKC)/NGDC(AKC)/FC/AFC Moesgaards RB Rhythm 'N Blues (Timmy)

DC/AFC Gamble's Odyssey Fritz MH (Fritz)

To the GSPCA Officers & Board

Recently I volunteered to assume the Field Trial HOF Dogs contact position. I received two nominations, one from Dr. Ruth Blank for

NFC(AKC)/NGDC(AKC)/FC/AFC Moesgaards RB Rhythm 'N Blues (Timmy)

and the other from Rick Hopkins for

DC/AFC Gamble's Odyssey Fritz MH (Fritz).

Both dogs had additional field titles but I will not list them.

Dr. Blanks dog was a top-notch competitor in field trials and won many NGSPA Championships with both Ruth and George Newcomb handling. However, Timmy's production and lasting impact on the breed are questionable. He meets the minimum requirements in number of field titles his offspring attained which brings up a flaw in the requirements for HOF. The problem as I see it is in the way it is stated on the nomination sheet. That is 10 field titles. In my opinion, this requirement should be more refined as to what titles are acceptable or should I say carry more weight. The requirements are long overdue for an overhaul. I would not recommend this dog be accepted.

On the other hand, Rick's dog comes in with an impressive field record in many different types of competition and seems to have done well in all. His production shows his offspring have been successful in all types of field competition depending where their owners chose to compete. On top of that his offspring have been able to produce at a high level. It is my recommendation that this dog be inducted.

Submitted for your attention,

Mike Aldrich

On another subject, I accepted this job because I felt you might be having trouble filling it in today's world where all seem too busy to volunteer. However, when talking to Arlene Walker she said she was going to contact the Board and volunteer her services but didn't when she found out I had agreed to fill the position. I am willing to let Arlene step up and take over this job if the Board agrees. I work with Arlene on many projects and know she would do a great job.

--Show Dogs (Suzanne Dillin)

One nomination was received:

VC/Ch. Crystal's Up Close 'N Personal CD, MH, RD, ROMXX (Josh)**--Obedience Dogs (vacant)**

No nominations were received.

--People/Life Members (Fred Lowry)

No nominations were received.

Health & Welfare Report (Sandra Kretz/liaison-Terry Chandler)

Report Prepared By: Sandra Kretz

Date: June 2, 2017

1. Provide a summary of activities since last submitted report:

- A. **Roundtable at National Specialty Show** conducted by Renee Lara, Karen Nauer and Leita Estes. About 30 people attended. Topics covered included lupoid dermatosis testing, color testing, and degenerative myelopathy. Unfortunately, we were scheduled during the obedience competition and just prior to Futurity judging. I continue to ask for time on the NSS agenda when attentions are not so divided, and we can give emphasis to Health and Welfare issues that the seriousness of these topics deserve.

We continue to have discussions about how to keep members apprised of our H&W activities and funding decisions. Some roundtable attendees, for example, professed no knowledge of our 2016 CHF tick disease initiative despite 6 months of advertising and discussion. (Each GSPCA member had received 3 individual email blasts, the clubs received multiple email blasts, and information plus the contribution button was posted on the GSPCA web site home page, the GSPCA FaceBook page and the GSP-I FaceBook group. We had attempted to contact each of the 60 clubs by phone. In addition, an extensive article was published in the Oct-Nov Shorthair Journal.) Member education about the H&W Committee activities remains a challenge.

- B. **Supported Degenerative Myelopathy (DM) Research** - We requested the use of funds up to \$500 from the GSPCA Health and Welfare Account to pay for the collection of spinal tissue and blood samples from a dog possibly to be the first GSP diagnosed with DM, the canine version of Lou Gehrig's disease (ALS). This rare disease had previously not been confirmed in our breed, although genetic testing based upon an available genetic test had raised concerns among breeders who were finding carrier status in their dogs. The subject dog was euthanized and the necropsy performed on June 2. We have been in contact with the University of Missouri, and are awaiting results of their analysis. This will generate a member education program about the disease.
- C. **Disease and Research Specific Information Provided to Members** As part of our effort to make H&W activities and funding more real to our members I have begun sending information to the GSP-I FaceBook group. Please see attachments dated January 8, 2017 in response to over a hundred questions/comments about the test for **lupoid dermatosis**, April 27, 2017 concerning new advancements in treatment of **hemangiosarcoma**, which had been partially funded by the GSPCA, and June 2, 2017 about new research in **canine bloat** – we had collected blood samples from older dogs at the 2016 NSS to support one of these studies.

An article was published in the latest issue of Shorthair Journal concerning GSP participation in a study at UC Davis for **corneal endothelial dystrophy**. We had made a small contribution (\$2,500) to this study in 2016, along with the German Wirehair Club. This is a very rare disease. Research is on-going.

We need to make better use of the GSPCA website and FaceBook page as well.

2. **Indicate any changes made for improvement, result of changes and any requested future changes:**

- A. **Promotion of Purina Parent Club Program at CHF** We would like to try an alternate approach to fund raising for the annual CHF disease research emphasis, which will be epilepsy in 2017. We would like to develop contribution buttons on the home page of GSPCA web site, and in the application for membership and renewal of membership sections of the website. This would allow members to donate throughout the year, with the funds going directly into the GSPCA CHF account. We would pledge an amount to CHF from our Purina Parent Club fund, but would continue to collect funds from members throughout the year to supplement. For example, we could pledge to donate \$10,000 for epilepsy with \$7,300 coming from our annual Purina Parent Club disbursement, and \$2,700 from member contributions. This would be matched by an additional \$10,000 from AKC for a total contribution of \$20,000. The H&W committee would promote this donation opportunity throughout the year, and we hope would become a major source of fund-raising beyond our annual contribution to CHF sponsored research. Since this would be modeled on the contribution button Missy Neal developed for the tick initiative, we believe we could begin working on this as soon as permission is given from the BOD.
- B. **Member Micro-Survey Using Survey Monkey** The GSPCA has already licensed the Survey Monkey software through July 14. We would like to conduct a member micro-survey of one or two questions to get member feedback about the committee's direction and funding activities, with responses to be concluded by July 14, 2017.
- C. **DNA Repository** The issues outlined in my January 6 committee report continue: (1) We are finding that a majority of dogs at the NSS and NFT are already collected. We need to branch out to additional populations of GSPs and are proposing regional clinics at one specialty show and one field trial in 2017. Hopefully these will serve as models for regional collections in the future. (2) To be useful to researchers, the disease history of each dog needs to be updated periodically with OFA. Most of our collected dogs are young, so owners will need to enter information as the dogs mature. We need to develop a reminder system. (3) To get a wide distribution of dogs, we need to develop convenient system for owners to submit samples from home, especially for long-lived dogs who may already have conditions of interest to researchers.

- D. Review of Health Section of GSPCA Website-** It has been several years since the health information on the GPCA website was last reviewed and organized. We need to add the information collected during the tick initiative as well as add a section specific to the research we have helped to fund.
- E. Committee Membership** I have contacted several people who have expressed interest in committee membership. Discussions are on-going concerning their interests, skills and time availability.
- 3. Financial Summary and planned future budget (include any explanations of a loss/decline):**
To be provided as part of Treasurer's report
- 4. Committee Needs (please list in order of importance):**
NA
- 5. Action Items for Board consideration:**
- A. Approval to conduct member mini-survey, to be concluded by July 14
 - B. Approval to work with CHF to place donate buttons on website and incorporate into member application and renewal
 - C. Approval to contribute \$10,000 to the CHF Epilepsy Initiative (to be matched by \$10,000 from the AKC)
 - D. Approval for Chairman Sandra Kretz to attend CHF Parent Club research conference in August 2017

January 8, 2017

As I think most of you know, the GSPCA BOD discourages anyone in an official capacity from becoming involved in controversy on social media. So, I will make one post only. On the subject of LD, I would refer you to the official position of the GSPCA BOD as posted in the Health/CHIC section of the GSPCA website:

"A special note about Lupoid. Dermatitis (LD). In June 2013, the GSPCA Board of Directors reviewed information from a retest of dogs previously tested for LD by cheek swab. Because some of the different results obtained from the blood sample retest have not been explained and because the results of the LD research have not been published in a peer-reviewed scientific journal, the Board has taken a neutral position on this test at this time. Breeders need to consult with PennGen at the University of Pennsylvania to determine the usefulness of this test for their breeding programs."

There is nothing new on the subject of LD. The ball has been and remains in the court of U-Penn. They have declined to communicate with the H&W Committee for several years,

and have left most of the questions we raised unanswered. Most importantly, the research describing the gene thought to cause LD has never been published in a peer reviewed scientific journal. Some people think this is no big deal, but in the scientific world, this is a VERY big deal. The only persons competent to evaluate a scientist's work are other scientists in the same field who understand the nuances of the experiments being described and are empowered by their position as peer reviewers to ask for more details or evidence of results. Further, once the paper has been published, other scientists can replicate the experiments to see if they achieve the same results. It is the ability of other scientists to independently replicate experiments and achieve the same results that distinguishes something as scientifically true. Until that information goes through the peer review process and is published, it remains a scientific black box.

This is the standard to which all scientists everywhere in the world, and in every branch of science are held to.

It doesn't matter what U-Penn says to you on the phone or what one person's experience has been. Or what all the conjecture and hearsay comments on the GSP-1 are. In the scientific world, if it's not peer reviewed and published, you can't say it's real.

We have been asking for this information since 2011. This is now 2017. We simply do not know why they have not published their research in all this time. Therefore, we simply do not know whether the test measures what it says it does or not.

We feel that the H&W Committee has done everything we are competent to do to examine this situation. We are not genetic scientists who sit on peer review panels, and even if we were, we could not make a judgement without the data being put out there. We spent two years under two different chairmen where we did almost nothing else than focus on LD. We lost two important members of the committee who resigned because we were so focused for so long on a disease NO member of the committee had ever seen other than in a picture.

We cannot force U-Penn to publish their findings, and their findings cannot be verified unless they are published.

This does not mean that this is not a very real and terrible, although rare, disease, and does not diminish the anguish of owners confronted with dogs who are affected. I particularly want to recognize the effort of those who have advocated for the good care of afflicted dogs, and those who have tried to educate owners of affected dogs not to breed them. But the heartbreaking nature of this disease is a separate issue from whether the test to identify the gene is accurate.

Under the circumstances of a very real disease and unverified results of the research, the BOD had no choice but to take a neutral position.

We realize this leaves breeders in a very conflicted position. I think it has been handled

horribly. There is so much we do not know about this disease, and so many questions we have raised that are still unanswered. Not a month goes by that I don't hear from someone about making difficult choices. But the H&W committee and the GSPCA cannot resolve this. Only U-Penn can bring closure by subjecting their research results to peer review and publishing their findings -- like every other scientist in the world.

I cannot respond to further discussion because there is simply nothing more the H&W Committee can do that has not already been done. Believe me, the H&W Committee members have as many questions as anyone on this list. So, if you want the GSPCA to change its policy and endorse a genetic test that is not supported by peer reviewed and published scientific data, you need to take that up with your GSPCA Regional Director.

- Note: U-Penn previously published some preliminary research in 2010 but this does not relate to the specific gene for LD which is the basis for the current test.

April 27

These research results were released this spring, and represent a significant step forward in increasing survival in dogs with hemangiosarcoma. The GSPCA Health and Welfare Fund contributed to this research in 2014 and 2015 through our Purina Partnership Program at the Canine Health Foundation. The total funding from CHF to a consortium of veterinary schools lead by Dr. Modiano at the University of Minnesota in these two years was \$594,847. It takes a large number of contributors and a lot of muscle to find

Drug developed at U of M increases survival in dogs with cancer; shows potential for use in humans

MINNEAPOLIS/ST. PAUL - A breakthrough trial at the University of Minnesota testing a new UMN-developed drug resulted in improved survival rates for dogs...

VETM:D.I.M.EDU

the cause and treatment for this horrible disease. We are glad to be able to do our small part (and I'm sorry, I don't know how to delete the picture)

Sandra Kretz shared a link.

June 2, 2017

Want to share some exciting news with you [about research on canine bloat](#). Some of you may have read about research at the Fred Hutchinson Cancer Center in Seattle which found a genetic link to bloat in Great Danes. Now the CHF is building on that research with a grant of \$152,000 from the German Shepherd Health Foundation to see if that same genetic link can be found in German Shepherds.

The GSPCA is participating [in another study funded in 2014 for \\$251,000 to Tufts University and the Broad Institute at MIT](#) to look at the complex genetic basis of bloat across many breeds. In 2016, we collected blood samples at the NSS from 11 dogs 9 years of age or older, including one bloat survivor which we sent to Tufts to add to the GSP DNA they already had.

Together these research studies show a strong commitment to find ways to help breeders breed away from this heartbreaking disease.

We are pleased to do our small part.

Historian Report (Patte Titus/liaison-Gene Moseley)

Report Prepared By: Patte Titus, Chairman

Date: 1 June 2017

1. Provide a summary of activities since last submitted report:

Continuing to scan documents that are most fragile and old Xerox where the print is fading. Some have to be retyped prior to scan.

Also working on a historical time line of the breed and early breeders for the Bird Dog Museum.

2. Indicate any changes made for improvement, result of changes and any requested future changes:

None at this time.

3. Financial Summary and planned future budget (include any explanations of a loss/decline):

N/A

4. Committee Needs (please list in order of importance):

None at this time.

5. Action Items for Board consideration:

None at this time.

Respectfully submitted,
Patte Titus, Historian

Illustrated Standard Report (Patte Titus/liaison-Diane Prohaska)

Report Prepared By: Patte Titus, Chairman

Date: 24 May 2017

1. Provide a summary of activities since last submitted report:

July 2016 - 24 May 2017 - 15 - sold via GSPCA website

7 - Complimentary/ GSP Specialty Show Sweeps Judges

2. Indicate any changes made for improvement, result of changes and any requested future changes: N/A

3. **Financial Summary and planned future budget (include any explanations of a loss/decline):** Lack of sales most likely due to publication of the IS in Shorthair Journal and available for download from the GSPCA website and potential change to the current Standard for the Breed.

As of this date - 225 copies remain with Chairman

JE Coordinator retains quantity from original box of 150

4. **Committee Needs (please list in order of importance):**

None at this time.

5. **Action Items for Board consideration:**

None at this time.

Judges' Education Report (Christy Featherston)

Report presented by Christy.

Juniors Report (Valerie Nunes-Atkinson & Yvonne Deterding/liaison-Lynn Pettinato)

Report Prepared By: Yvonne Deterding, Becky Feigh, Valerie Nunes-Atkinson

Date: June 2, 2017

1. Provide a summary of activities since last submitted report:
 - a. The NSS was a huge success with the Juniors. The trophies were Kangaroo Beaded Show leads for 1st place and Crate pads for 2nd thru 4th.
 - b. The Fund Raising at the 2017 NSS brought in \$3000.68
2. Indicate any changes made for improvement, result of changes and any requested future changes:
 - 2016 was the first year the GSPCA Junior Committee has done Fundraisers for the Juniors. We raised a total of \$1529. (We had a bid on the "Louise Doll" of \$300, not sure if paid to Dean Browning – sent email to Dean - \$1829 total?)
 - 50% of this total donation goes towards the Scholarship of 2016 GSPCA NSS Junior Showmanship Winner – Treasa Rost. Treasa will received 764.50 (914.00)

- These funds are to be flagged through the years until the Junior provides the GSPCA Junior Committee and GSPCA Treasurer with the Name and Address of the College, and Student ID number. If the Junior does not attend college, the funds will be allocated back to the Additional Scholarship Award.
 - 2017 NSS Best Junior Handler – Mekenzie Cecil will have 1500.00 flagged towards her Scholarship from the 2017 fundraising.
 - We propose this scholarship allocation is in addition to the already offered GSPCA Scholarship and Grant. The Junior does NOT need to be the recipient of the already offered Scholarship to be awarded these Scholarship monies, but Must attend college.
 - We proposed that the other 50% of the funds be used to cover the cost of the NSS Junior Trophies and Extra Gifts already provided. Invoice for trophies & gifts has been submitted. This years' total for Trophies is 653.94. The remainder of the funds will be flagged for future GSPCA NSS Junior activities, trophies and the additional Scholarship Programs.
3. Financial Summary and planned future budget (include any explanations of a loss/decline):
No loss
4. Committee Needs (please list in order of importance):
- Continue Welcome bags
 - Continue handling seminar- well received
 - Lunch time Pizza party or Movie Night (?- see fundraising opportunity above)
 - Continue Fundraising
 - Create GSPCA Junior Flyer that can be printed out from website and or be passed out at Meet the breeds, regionals, etc.
5. Action Items for Board consideration:
- Continued Fundraising:
 - Year around- add donor PayPal button
 - Create a lapel pin as a 'thank you for our donation' - \$20 donor receives lapel pin- similar to Take the Lead. Maybe have different levels of donor thank you items, lapel pin, shirt or hat, etc. depending on the dollar amount donated?
 - National Specialty show- Large raffle items- i.e. Tack Box, quilt, etc.
 - National Specialty show- Rent a Ring. Obedience and or Conformation. \$5 for 5 minutes, etc. Tuesday and or Wednesday evening - Run by Juniors or Junior Committee members
 - National Specialty show- Clothes exchange (Every 3rd year- East Coast Nationals)

- National Specialty show- Movie night
- GSPCA Regionals – When offered and funds available- Best Junior at Regional(s) in sections not hosting Nationals

2017 - We have 2 Embroidered Crate Pads from 2017 NSS. These will be offered to the Regional in California and Florida for Best Junior.

2018 - Regional- Best Junior at Regional(s) in sections not hosting Nationals- 2 per year- Full page ad in Shorthair Journal starting in 2018.

Website Updates

- ADD PHOTOS!!! Show/Field/ Performance... (Need to get group photos of Juniors at NSS)
- List past Scholarship winners with a photo
- Add Donation option to page via PayPal
- List all members of Juniors Committee
- Provide information and link to acquire AKC Junior Showmanship number
- Provide links to AKC Junior Showmanship resource pages & AKC Junior Recognition Program
- Create a Junior Hall of Fame.... i.e. Photos of Juniors that showed their GSP to Best Junior at the Garden.... we have had few!

Membership Report (Cynthia McCracken/liaison-Lynn Pettinato)

Prepared By: Cynthia McCracken Date: 31 May 2017

1) Provide a Brief Summary of the Event or Activity:

- Membership Database Management
- New Member & Renewal Update

1) Indicate changes made to improve the Event or Activity from the previous six months or year (if any):

New Puppy Buyer Program has been implemented. Questions continue – Members are trying to make things too complicated. My advice is the KISS – Keep It Simple – “not overthink it and follow the instructions. Such a simple way to get new puppy owner interested and involved learning about the GSP and the Club without relying on the Puppy Buyer to do anything.”

The following has been sent to Missy for a posting in the Membership page using 1-5 bullet points.

- i) Make a copy of the litter registration. (This tells me how many puppies in the litter, the date litter was whelped, & the breeder of record.)
- ii) Download the New Puppy Buyer membership application
- iii) Make enough copies for the number of puppies in the litter
- iv) Fill it out for your puppy buyers
- v) Have them sign it – preferably when you have them sign your contract (The breeder is vouching for their puppy buyers if they forget to sign)
- vi) Mail copy of AKC Litter Registration with the New Puppy Buyers applications to Membership Chair for processing.

2) Clubs that were in danger of dissolution or becoming inactive because of serious financial and membership numbers difficulty. Clubs in red remain unpaid and continue to be listed and receive a Shorthair Journal suggestion listed per club. s(Please advise)

High Sierra – Secretary Kathy Boyd – boydwater@comcast.net – NW Director Dean Goodding

There are still Clubs that have not submitted current officer/membership lists. Lynn has been instrumental contacting and nagging to get this information up to date. (See detail in Club Tab of Membership List)

CENTRALVA
PANHANDLE

ROCKRIVERVALLEY

CENTRALFL NOARIZONA

3) Financial Summary: This area belongs to Dean

1) Membership numbers

GSPCA New Puppy Buyer Program - # 34 New members

GSPCA Email & Facebook program & AKC Pilot program

(Started tracking these programs in January at the same time – NOTE: relies on new members to check the correct box)

- i) GSPCA Email program - # 8 new members
- ii) GSPCA Facebook - # 12 new members
- iii) The AKC Pilot program - Discontinued

2) Action Items for Board consideration:

No requests

3) Membership list: Tabs at the bottom of the excel spreadsheet. (Members, Section(s), Club, Junior, Expired, Basic)

Clubs – sorted by Section, Club Name, expiration date

Clubs not renewed for 2017 Expired (not renewed in 2016)

will be moved to Basic Feb 28

Basic (Not renewed 2-4 years)

Thank you,
Cynthia

Membership Recruitment & Retention (Debbie King)

Report Prepared By: Debbie King

Date: June 2, 2017

1. Provide a summary of activities since last submitted report:

I have received several excellent ideas on obtaining memberships from the AKC marketplace and the AKC reports from Deb Longtin indicating people who Own and have titled their GSP, but are not members.

I am still working on committee members. Currently have Gene Moseley, Jan Burdock, Liz Jennings. Hunter Richardson did not renew his membership. Terry Chandler thought it was a good idea to have the Breed flyer revamp under This committee.

2. Indicate any changes made for improvement, result of changes and any requested future changes: None at this time.

3. Financial Summary and planned future budget (include any explanations of a loss/decline):
None

4. Committee Needs (please list in order of importance):
None

5. Action Items for Board consideration: None

No report was submitted.

Registry Of Merit Report (Yvonne Deterding/liaison-Renee Lara)

Report presented by Renee.

Rescue Report (Missy Neal/liaison-Sharon Fitzpatrick)

Report Prepared By: Missy Neal

Date: 6/2/17

1. Provide a summary of activities since last submitted report:

Melissa ran the Rescue tables at NSS again, Dean will have the final amount that the auction brought in, it was between \$2,500-\$3,000.

We have had one special request for financial support of an abused dog, and are in the process of deciding how much we will send in support of this dog.

2. Indicate any changes made for improvement, result of changes and any requested future changes:

Melissa has notified me that she is taking at least one year off from the NSS fundraising effort. If we can't find someone by the end of the year to run the silent auction in Idaho – we will take a year off from Nationals and focus our efforts to online fundraising.

3. Financial Summary and planned future budget (include any explanations of a loss/decline):
Dean will have our financial summary

4. Committee Needs (please list in order of importance):

I have decided the time is not right to resign as Rescue chair so I'll be staying on for a while. We are putting out a notice to try and grow the committee as we are looking for volunteers who have time for fundraising and marketing.

5. Action Items for Board consideration:

None at this time

Shorthair Journal Report (Patty Busso/liaison-Liz Jennings)

Webmaster's Report (Missy Neal/liaison-Diane Prohaska)

Report Prepared By: Missy Neal

Date: 6/2/17

1. Provide a summary of activities since last submitted report:

Spring is the busiest season: NSS (Store, micro-site, all PayPal transactions) and NAGDC. Updated ROM program, Continue improving our Public and Member site, Ongoing site updates

2. Indicate any changes made for improvement, result of changes and any requested future changes:

This year, in a display of confidence in our reporting, Roy Jones just linked to our online NSS results rather than post their own superintendent results. They also accommodated our request to provide the catalog PDF several days early so I was not so crunched to get it online for results.

We had good response putting out a notice on Facebook for members to send photos for the revolving slide show on the home page.

I'd like for the Communications committee to meet more often.

3. Financial Summary and planned future budget (include any explanations of a loss/decline):
The domain ('www.gspca.org') expired (it was on a 10-year renewal) and the site was briefly offline. Debbie notified me (thanks again Debbie) and I renewed the domain for one year using

GSPCA PayPal account. I'm proposing that the Board consider another long-term renewal of the domain. Below is the pricing schedule:

1 yr	\$39.99
5 yrs	\$194.95
9 yrs	\$332.91
20 yrs	\$699.80
100 yrs	\$3,499.00

My recommendation is a 20-year purchase.

4. Committee Needs (please list in order of importance):

None at this time ☺

5. Action Items for Board consideration:

See item 3

Yearbook Report (Debra Broad/liaison-Gene Moseley)

Liaison Report

Prepared By: Gene Moseley Jr.

Date: 05-28-17

1. Yearbook

2. Indicate changes made to improve the Event or Activity from the previous six months or year (if any):

2016 Yearbook In progress

Had discussion with Deb Longtin and Debbie King at NSS and hope to have All Time Top Producers completed and running according to original plan for the 2016 book. We will see...

3. Financial Summary:

Yearbooks are now \$25. After new book comes out in May we will start asking \$25 for last two or three year old books that we originally asked \$40.

Each year when Deb goes to press the book is usually paid for with ads in book. Most of the sales are profit

Deb Broad is selling and handling all sales of yearbook with coordination with web site.

Looking at changing mailing fees from Web site from \$12.50 to \$9.00 for each book in Continental US.

4. Committee Needs please list in order of importance:

Always can use help in photos and correct data from all winners.

Could use some help with people to help get ads for book. Was on Blast list with no results.

Could also use some help from local clubs' support on ads.

Could use some support at NSS for NSS/Merchandise people to sell Yearbooks on site.

Already set up for Credit Card.

5. Action Items for Board consideration:

None at this time.

German Shorthaired Pointer Club of America BOD Meeting/June 2017 Committee Report

Committee: AGILITY

On Monday May 1st the GSPCA hosted a GSP-only two trial agility day – it was the fifteenth NSS to feature some form of Agility in conjunction with the event. This year the trial was located in Blue Springs, MO about an hour east of the NSS Host Hotel and was the only NSS event held on that day. The facility was a well known training arena – All Star Dog Sports – owned by the renown Lori Michaels – this was indoors on matting with several poles in the 90' x 105' course area.

Our trial secretary Karen Nenow of Flyin' Blues Secretary Services was an experienced professional secretary and provided trouble free organization for our trial.

We had 14 GSPs compete with 76 runs spread across 17 courses in the two trials. There were 32 Qualifying Scores earned out of those 76 runs. The High In Trial awards were both earned by Belinda Venner and Tesla (CH OTCH MACH3 Voyager's & Stelor Hi Voltage Charm VCD2 UDX14 OGM BN GN GO VER RE MHA MXC MJG XF T2B THDX). We did have significant accomplishments throughout the day with several Triple Qs earned – and the competition for both High in Trial awards was down to the wire in each trial.

Our Judge Craig Josling had just finished judging a three day trial in Wichita and provided fun and doable courses that were appropriate for a German Shorthaired Pointer National Agility Trial – he charged the club minimal fees for the work of designing 17 courses and taking the day off from work, judging our trial with a smile and kind word at every opportunity. I always look forward to a trial where Craig is the judge, and he made our day all that much better because he was there. I want to commend him for his outstanding contribution to our trial.

According to my records we lost approximately \$280.00 on this trial. Considering the building fee was \$700 (with equipment) and we hired a full service trial secretary, I thought this was a reasonable loss for a small GSP-only day of agility. I want to thank the NSS Committee and the GSPCA Board for their continued support of these kinds of events at our National Specialty Shows –

Respectfully

Dave
David Nauer
GSPCA 2017 NSS Agility Trial Chairman

BOD Meeting/June 2017
Committee Report

Committee: Judges Education

Report Prepared By: Christy Douglas-Featherston

Date:6/2017

1. Provide a summary of activities since last submitted report:

GSPCA J. E Workshop NSS: students attended.

BOD Representative: Gene Mosley

During classroom we had 1 DC,

Exstrem white piebald, liver. roan and liver and white ticked were present as examples of coat patterns.

22, 23, 24 and 25 inches were height examples.

2. Indicate any changes made for improvement, result of changes and any requested future changes:

We began our classroom portion with a field video rather than leaving until the end of the Powerpoint. This sparked great questions and comments by the students and members present.

3. Financial Summary and planned future budget (include any explanations of a loss/decline):
NA

4. Committee Needs (please list in order of importance):

NA

5. Action Items for Board consideration:
None at this time

Registry of Merit Report

There have been 11 ROM's awarded under the new program. They have been acknowledged on the web page and in the journal.

There has been a request to have the new RACH title count in the performance section. The RACH for a separate point like MACH and OTCH or the Rally Master RM as a title count as 1 pt toward the total of 2 points they can get for performance. This request was made by Eleanor Campbell. The committee took a vote and felt it would be wise to follow Eleanor's recommendation.

The Certificates, mailing and printing run about \$4.00 to \$5.00 per ROM. The Cost to date for supplies has been \$170.00. There are enough supplies to do approximately 30 more certificates so we are set for a while other than postage.
